

## We're boosting fire safety in Swan Hills

We've secured a **Large Air Tanker** to fight bushfires during high fire season. This **\$11 million** investment will give our crews consistent access to an essential fire-fighting asset.

We're delivering **\$150,000** in upgrades to Bullsbrook Volunteer Fire & Emergency Service. Volunteers selflessly keep our community safe - so we're committed to ensuring their facilities are well-equipped.

From 2020 to 2023, the McGowan Government has delivered **\$1.3million** in **Bushfire Mitigation Funding** to the Shire of Mundaring and over **\$251,000** to the City of Swan.

## SUMMER NEWSLETTER - 2022

Dear Resident,

I would like to take this opportunity to wish you and your family a Merry Christmas and a Happy New Year!

May your holidays be safe, filled with laughter, love and cheerful celebration.

2022 has undoubtedly been a huge year for all of us. WA is making a strong recovery from the pandemic, albeit with international economic challenges, and we will continue to benefit from Australia's strongest budget outcomes.

I'm also happy to say that I was recently appointed as the Parliamentary Secretary to Roger Cook, the Deputy Premier; Minister for State Development; Jobs and Trade; Tourism; Commerce and Science.

This new role will enhance my work in developing our job opportunities and economic success in WA, and to continue delivering for our community.

As always, my office doors are always open for our community. If I can be of any assistance, you can contact my office on **9296 7688** or drop in to say hello!

Have a wonderful summer!

Warm regards,

**Jessica Shaw**

## METRONET UPDATE

### Ellenbrook Christian College

It was a pleasure to join **Premier Mark McGowan, Minister Saffioti** MLA and students from Ellenbrook Christian College to **turn the sod for the Morley-Ellenbrook Line!**

Part of Ellenbrook Christian College's oval is currently located within the rail alignment, which has been reserved for a transit corridor since the early 1990s. As part of works underway, the school will have a **new pedestrian underpass** under the rail line, providing safe access between the college and oval, and a **new \$2.8 million sport and recreation pavilion!**

### Gnangara Road Works

To make way for the Morley-Ellenbrook Line, a **new road alignment and road-over-rail structure** is being built at **Gnangara Road and Drumpellier Drive**. The base slab, sidewalls and tunnel slabs have been completed, with installation of the precast roof beams commencing!

**Please be patient** as our hardworking crew complete this important infrastructure. This is a **big milestone** for the project, and I cannot wait to see **Ellenbrook Station** taking shape over the next year!

## Ellenbrook Youth Centre Update!

Opening day is getting closer...watch this space.

I can't believe how much progress has been made! Thank you to the **St Hilliers** team and all the crew who have done some amazing work on this project, as well as **Lotterywest** and the **City of Swan** for their support. I recently had a tour of the site, and I can really see the potential for change this facility can have on our youth.

As **your local member**, there is nothing more important to me than supporting the next generation. That's why I fought for the **\$3.85 million commitment** from the state government for this new facility - my **proudest achievement** so far!
